I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited Government - The bill creates the Prosperity Campaign Office, headed by a 20 member council and housed within Workforce Florida, Inc., to establish and coordinate Prosperity Campaigns throughout Florida. Specifically, the bill creates a “catch-all” provision that authorizes the Florida Prosperity Campaign Council to perform “... other activities deemed necessary by the council or directed by Workforce Florida, Inc.” As a result, this provision grants the council and Workforce Florida, Inc., the authority to regulate activities of Prosperity Campaigns.

Empower families – The bill encourages the Prosperity Campaign to connect low-wage workers to the Earned Income Tax Credit (EITC) and the Childcare Tax Credit; offer free tax preparation services, economic benefits screening and other related services. These connections could help low-wage workers increase their income, as workers who qualify receive a credit even when the amount of the EITC exceeds the amount of taxes workers owe.

Promote Personal Responsibility – The bill encourages Prosperity Campaigns to educate citizens about available economic benefit programs and the importance of wise financial decision-making. Consequently, the bill may reduce government dependency.

B. EFFECT OF PROPOSED CHANGES:

PROSPERITY CAMPAIGN

Present Situation

According to the Agency for Workforce Innovation: the state’s workforce system, led by Workforce Florida, Inc., the Agency for Workforce Innovation and the 24 Regional Workforce Boards has emphasized and conducted annual Earned Income Tax Credit (EITC) informational campaigns for several years. These informational campaigns target first-time workers, the “working poor” and those exiting from public assistance through employment. Additionally, the Department of Children and Families also provides similar notices to public assistance participants and other low-wage workers.

Local workforce efforts are often conducted in collaboration with local Prosperity Campaigns, financial literacy programs and other similar efforts to demonstrate that “work pays”. Currently, Prosperity Campaigns exist in 12 counties throughout Florida.

Each "Prosperity Campaign" is encouraged to:

- Educate citizens about available economic benefits programs and the importance of wise financial decision making;
- Connect low wage workers to economic benefits programs, including, but not limited to, the Earned Income Tax Credit and the Childcare Tax Credit;
- Offer free tax preparation services, economic benefits screening, and other related services;
- Provide information to businesses to enable them to distribute economic benefits information to current and new employees; and
- Perform other activities the council deems necessary.

EARNED INCOME TAX CREDIT (EITC)

Present Situation

The Earned Income Tax Credit (EITC), sometimes called Earned Income Credit (EIC), is refundable federal income tax credit for low-income working individuals and families. According to the Tax Policy Center (Tax Notes, March 14, 2005); the EITC, administered through the federal income tax system, is the largest cash assistance program for low-income families. The EITC program is designed to encourage work by subsidizing people's wages. The EITC provides up to \$4,400 a year for working families with two or more children. In 2002, the EITC lifted approximately 4.9 million people out of poverty.

In a January 17, 2006 news article, Workforce Florida, Inc. stated that "[b]ased on the information from the IRS it is projected that as much as \$635 million goes unclaimed by the estimated 350,000+ families/individuals in Florida who are not taking advantage of the EITC."

Effect of Proposed Changes

HB 531 encourages the Prosperity Campaigns throughout the state of Florida to inform low-wage workers of the Earned Income Tax Credit and the Childcare Tax Credit; offer free tax preparation services, economic benefits screening and other related services.

FINANCIAL LITERACY IN HIGH SCHOOLS

Present Situation

Currently, 24 credits are required for high school graduation, pursuant to s. 1003.43, F.S. These include:

- one-half credit in life management skills which includes consumer education; and
- one-half credit in economics that includes a comparative study of the history, doctrines and objectives of all major economic systems. The Florida Council on Economic Education provides technical assistance to the department and district school boards in developing curriculum and materials for the study of economics.

Effect of Proposed Changes

The HB 531 requires the Prosperity Campaign Council to work with the Department of Education in developing a financial literacy instruction to be part of the life management skills course required for high school graduation. The financial literacy instruction must focus on the importance of financial management, savings investments, credit scores, savings and additional materials.

The HB 531 requires financial literacy instruction to be included in the high school life management skills course required for high school graduation.

C. SECTION DIRECTORY:

Section 1: Creates s. 445.057, F.S., to establish the Prosperity Campaign Office; creates the Florida Prosperity Campaign Council; provides responsibilities of the Florida Prosperity Campaign Council; provides Prosperity Campaign with a list of encouraged activities.

Section 2. Amends s. 1003.43, F.S., relating to general requirements for high school graduation; requiring financial literacy instruction to be part of the life management skills one-half credit requirement.

Section 3: Provides that the bill will take effect July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures: See "Fiscal Comments".

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

See "Fiscal Comments."

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

If this law brings greater awareness to the availability of the EITC for working families and individuals, the qualifying families and individuals who receive federal monies would presumably spend that money locally.

D. FISCAL COMMENTS:

The 20 member council, which is to be administratively housed within Workforce Florida, defines a number of coordination and information dissemination roles for the council, such as hosting the required council meeting, preparations, publication, and dissemination of printed materials to businesses and employees, and providing free tax preparation, economic benefit screenings and providing other related services to individuals. According to the Agency for Workforce Innovation, in order to provide these types of services a minimum, one full time staff position and a half-time support position will be needed to implement and support the council. Salary and benefit costs for these positions are estimated at \$77,500. The total financial impact is undetermined at this time.

Other costs directly associated with the council will be the per diem and travel for the 20 members and staff of the council. The total fiscal impact of the travel is undetermined at this time; however s. 112.061(6), F.S. provides for a per diem and subsistence allowance for public officers, employees, and authorized persons. Pursuant to the bill, the members of the council will be reimbursed using the state allowance. Therefore, travel lodging and meals for 20 members of the council, four meetings every year, is \$39,280.
